MAKE YOUR MARK ONLINE

Planning Your Website: Part Three of Four

What images will you have of you on your website?

Think about how your images present you, what will you wear, where will you be etc

What stock images will you use?

Include links here to relevant stock images. Try to keep them consistent, on brand and try to avoid the cheesy ones!

Planning Your Website: Part Three of Four

What colour theme will you use on your website?

Choose five colours to play with on your website. Think about what the colours represent. Are they memorable? Do you love them and do they represent you (you'll have to stick with them for a long time!)

What theme or website builder will you use?

Write down some themes you like and what you like about them
